Brought to you by Berger Hardware Bikes and Independent Fabrication Racing

Held Under USAC Permit #2009-1812

1-day USAC licenses (for the C race ONLY) can be purchased at the registration desk for \$10.00

Minimum prizes for A and B or A/B race is \$18 for three places (\$10/5/3). There are also prizes awarded in the A, B, and A/B races. Per USCF changes for 2006, no prizes are to be awarded in races exclusively for Category 5. This means there will be NO prizes for the C races. All USCF rules apply, including use of approved helmets, jerseys with shoulders and NO Aerobars are allowed. Prizes will not exceed \$499.

Combining Fields: In the event of reduced rider turnout, the race director and officials MAY decide to combine races based projected entrants WITHIN 10 minutes PRIOR to the start of the B race. In general, the decision is made as follows: if we have 20 or more B racers and are already getting A racers signing in, it's likely that we will run separate A and B races. If we don't have 20 B racers and/or just a few A racers, then it's likely we will combine Fields.

Late Arrivals: Regardless of the week, ALL A and B RIDERS should be prepared to race at 10:15 am! Any rider entering a race late, whether it be 1 lap or 10 laps, MAY BE allowed to race, at the discretion of the Chief Official, but WILL NOT BE ELIGIBLE FOR ANY PRIZES.
